

Sec 14.5 Drought Contingency Plan.

During drought conditions as identified by the State of California, Humboldt County or Garberville Sanitary District, the Drought Contingency Plan will go into effect immediately.

This plan will be implemented by Garberville Sanitary District and the public will be made aware of this plan through the media and customer outreach.

Customers will be required to conserve water including but not limited to gallons per day water usage and if they don't comply, may be fined for gallons of water used above the maximum allowed.

1. 1st phase of drought conservation plan will require all customers to voluntarily reduce water consumption. (10cfs) in South Fork of Eel River
2nd phase will be to stop all outdoor watering for everything except animals, vegetables or fruit. (7cfs)
3rd phase will require only using water on specific days, designated by GSD (5cfs).
4th phase requires all customers to only use water for health and safety, with no outside watering (4cfs)
2. Continual updates to customers will educate and inform of conditions
3. Ongoing: develop alternative water sources including, wells, springs, shared water with neighboring water districts including water hauling.
4. Ongoing: gray water education for irrigation
5. Ongoing: educate customers on personal water storage opportunities and conservation measures
6. Ongoing: leak monitoring and repairs
7. Ongoing: build additional water storage tanks or ponds
8. Identify all diversions from the river or GSD distribution system and report to law enforcement.

Ongoing: Participate in all drought planning forums to share ideas and planning strategies while developing partnerships on collaborative water projects and funding opportunities
