The Garberville Sanitary District is seeking a motivated individual who can take direction while working as part of a team but also be able to work independently. The position will work directly under the supervision of an Operations Manager but will also assist in making decisions as called upon. You will be expected to have the appropriate certificates, including water, wastewater and distribution or be able to get those certificates in a timely manner as directed by the Operations Manager. After the probation period is completed you will be required to live within 30 minutes for response time in the event of a call-out or emergency. You will be required to do physically challenging work, customer service, equipment repair and construction projects along with data collection and reporting.

### **REQUIREMENTS**

High School graduate with current California driver's license, desirable to have experience on a backhoe, equipment repairs and construction along with being California water, wastewater and distribution operator.
